Google Cloud

Applying Machine Learning to your Data with Google Cloud

Course Resources

————

Access the following PDF documents to view the lecture content for this course.
Note that documentation and resource links referenced in the videos can be accessed in these documents.

Module 0: Course Introduction

Module 1: Introduction to Machine Learning

Module 2: Pre-trained ML APIs

Module 3: Creating ML Datasets in BigQuery

Module 4: Creating ML Models in BigQuery

Module 5: Course Summary
